

Genetic Improvement 2017

The Third Annual Workshop on the Genetic Improvement of Software
Berlin, Germany, July 15-19th 2017

geneticimprovementofsoftware.com

Co-located
with GECCO
2017

Paper Submission
Wednesday March 29th 2017

Call for Submissions

We invite submissions that discuss recent developments in all areas of research on, and applications of, Genetic Improvement.

GI is the premier workshop in the field and provides an opportunity for researchers interested in GI to disseminate their work, exchange ideas and discover new research directions.

Topics of interest include both the theory and practice of Genetic Improvement. Applications include using GI to:

- fix bugs
- improve efficiency
- decrease memory consumption
- decrease power consumption
- transplant new functionality
- specialise software
- translate between programming languages
- generate multiple versions of software

Key Dates

Submission: March 29th 2017

Notification: April 19th 2017

Conference: July 15-19, 2017

Research & Position Papers

We invite submissions of two types of paper:

- Research papers (limit eight pages)
- Position papers (limit two pages)

We encourage authors to submit early and in-progress work. The workshop emphasises interaction and discussion.

All papers should be submitted as PDFs in ACM format as per the GECCO 2017 information. Papers do not have to be anonymised.

All accepted papers will be presented at GI-2017 and will appear in the GECCO workshop volume.

Workshop Chairs

Bill Langdon	w.langdon@cs.ucl.ac.uk
Justyna Petke	j.petke@ucl.ac.uk
Wesley Weimer	weimer@virginia.edu
David White	david.r.white@ucl.ac.uk
